We had extra money from last year so that is why we were able to increase the prize money this year.

Maximum Handicaps - The Officers have reviewed old minutes and we are going to put into effect some guidelines that all the members voted on to improve pace of play. Anyone can play with the 18 hole group or 9 hole group, or you can go back and forth. There is a maximum of 42 for the 18 hole group. If your handicap is higher than 42 you can still play with the 18 group, but 42 is all that will be recorded on your scorecard.

The maximum for the 9 hole group is 54. If your handicap is over 54 you can still play.

Our Goal is to make lasting friendships, have fun, laugh and get some exercise and try to improve our golf game. We have opportunities for Clinics, tournaments, chances to play with our group on Fridays to help

us all improve. I'm available to go out with anyone and help with rules and etiquette.

Download - USGA Rule Book on your phone If you are ever in doubt about a rule and you can't find it in Rule Book or a quick google, then you should play 2 balls into the hole and then ask Evan at the end of round.
